Dear Friends,

As we are still in the Easter season, (which doesn't end until Pentecost!), I think it's important to reflect on and remember the gift the Risen Jesus brings us - the Good News God desires for ALL of us - that is, that we all enjoy the unity God for which created us.

We know and acknowledge that all children of the same parents are brothers and sisters. Do we realize as human beings we are all children of the one same God - so we are all brothers and sisters? Yet, looking at the recent acts of violence and mass shootings, which seem to bear witness to intolerance of people who are different from us, it's heart wrenching to see we don't always act like it!

Let's pray for an end to all the "isms" that divide us, our country and our world. Let's each take a step in that direction.

Thank you for your interest in our life and ask God's blessing on you for your generosity to us.

With our love and prayers,

Sr. Nancy, OSC and all your Poor Clare Sisters
